

Supplementary Table 1. Example of AUTOCOUNTER analysis output (vesicle label and vesicle area A) with check of area classes (small: $0 < C_1 \leq 1 \text{ } \mu\text{m}^2$; medium: $1 < C_2 \leq 3 \text{ } \mu\text{m}^2$; large: $C_3 > 3 \text{ } \mu\text{m}^2$) and relative scores (sum of areas, total number of class vesicles).

Cell #1					Cell #2				
Label	A (μm^2)	C ₁	C ₂	C ₃	Label	A (μm^2)	C ₁	C ₂	C ₃
